

GOVERNOR OF BALI

**COORDINATION MEETING DECISION
ON THE IMPLEMENTATION OF
NO-QUARANTINE POLICY AND VOA SERVICE FOR FOREIGN TRAVELERS
FROM MARCH 7, 2022**

1. Following up on the proposal of the Governor of Bali, the Coordinating Minister of Maritime and Investment Affairs conducted a Coordination Meeting on Friday, March 4, 2022, at 18:00 WITA, which was attended by: Minister of Health of Indonesia; Minister of Tourism and Creative Economy of Indonesia; Minister of Transportation of Indonesia; Minister of Law and Human Rights of Indonesia; Ministry of Foreign Affairs; Head of the COVID-19 Task Force/Head of Indonesia National Disaster Management Agency; Coordinator and Member of COVID-19 Task Force Expert Team; Governor of Bali; Chief of Bali Regional Police; Commander of IX/Udayana Regional Military Command; and Tourism Components.
2. After listening to the opinions and support from the meeting participants regarding the trial on the implementation of the new policy for foreign travelers. In accordance with the proposal from the Governor of Bali, the Coordination Meeting has made the decisions as follows:
 - a. The implementation of the no-quarantine policy and Visa on Arrival (VOA) service for foreign travelers is effective from March 7, 2022.
 - b. The no-quarantine policy for foreign travelers only applies to international arrivals to Bali through air or sea travel.
 - c. The implementation of Visa On Arrival (VOA) service applies for foreign nationals from 23 countries, namely: 1) Australia; 2) the United States of America; 3) the United Kingdom; 4) Germany; 5) Netherlands; 6) France; 7) Qatar; 8) Japan; 9) South Korea; 10) Canada; 11) Italy; 12) New Zealand; 13) Turkey; 14) the United Arab Emirates; 15) Malaysia; 16) Thailand; 17) Singapore; 18) Brunei Darussalam; 19) Vietnam; 20) Laos; 21) Myanmar; 22) Cambodia; and 23) the Philippines.
 - d. Health requirements for foreign travelers are: 1) proof of having completed a full COVID-19 vaccination/booster; 2) negative result of PCR Swab Test administered before departure; 3) proof of a fully paid hotel booking for a minimum of 4 days in Bali; 4) undergo PCR Swab Test upon arrival; 5) if the Test result is negative, the foreign travelers are permitted to continue visiting all tourism destinations around Bali; 6) if the Test result is positive, the foreign travelers are required to isolate in the appointed hotels; 7) elderly foreign travelers with positive Test results and suffering from comorbidities are treated

- directly at the hospitals; and 8) on the third day, foreign travelers are required to undergo PCR Swab Test, and if the result is negative, on the fourth day they are permitted to travel outside Bali.
- e. Foreign travelers are still required to have health insurance that provides coverage for COVID-19.
 - f. The revocation of the obligation to have sponsors/guarantors for e-Visa Tourism applications.
3. In accordance with the direction of the Coordinating Minister of Maritime and Investment Affairs of Indonesia, the Governor of Bali is committed to:
- a. Accelerating booster vaccination with a minimum target of 30%, to be achieved by March 7, 2022.
 - b. Improving the vaccination achievement, including booster vaccination to the elderly.
 - c. Ensuring the availability of regular treatment rooms and adequate ICU care in the Hospitals
 - d. Elderly whose PCR Swab Test results are positive and suffering from comorbidities must seek treatment at the Hospitals immediately.
 - e. Tightening the health protocols and the implementation of PeduliLindungi applications in various places.
 - f. Increase the readiness of Ngurah Rai International Airport to welcome foreign travelers to prevent any buildup.
4. To follow up the decisions of this Coordination Meeting, the Governor of Bali gives his instructions as follows:
- a. To the Mayor and Regents in Bali to immediately implement the acceleration of booster vaccination from March 5, 2022, to achieve the minimum target of 30% within 7 days.
 - b. Booster vaccination can be administered 3 months after the second vaccination, and there is no need to wait for after 6 months.
 - c. Acceleration of booster vaccination is implemented on a Banjar-based and community-based basis.
 - d. To Commander of IX/Udayana Regional Military Command, Chief of Bali Regional Police and staff to actively facilitate the acceleration of booster vaccination to the Village level.
 - e. To tourism components and other communities to actively facilitate the acceleration of booster vaccination.
 - f. To *Perbekel*, Village Heads and Traditional Village Heads together with Babinsa and Babinkamtibnas as well as community leaders to encourage and mobilize the community to participate in booster vaccination. To increase participation, booster vaccination can be used as a requirement to get service from the Village, District, and Traditional Village.
 - g. The Bali Regional/City/Regency Health Office and all Community Health Centers to carry out accelerated management of booster vaccination in a systematic, massive, measurable way.
 - h. The Provincial Government of Bali is responsible for meeting vaccine availability and health workers.

- i. Calling on all components of the Balinese community to work together to make the acceleration of booster vaccination successful.
- j. To all print media, electronic media, social media, and online media to actively disseminate this instruction.
- k. The achievement and implementation of this commitment is a determining point for the recovery of tourism and economy in Bali.

Hopefully, the great hope and prayer from the Balinese people, which is the recovery of tourism and economy in Bali, can be realized soon.

Bali, Friday, March 4, 2022
